Renowned sugarcrafter Alan Dunn shares the bold beauty of his tropical and exotic flowers. From orchids and birds of paradise to rhizomes and bougainvillea, these fantastic, eye-catching arrangements will turn any cake into a real showstopper. Each design includes easy-to-follow instructions for constructing and building-up individual flowers, foliage, and fruit, for creating full-blown bouquets, and for securing them atop the cake. An introduction covers all the basics, including necessary tools and materials, techniques, and recipes.

Honorable Company

By Stef

I had ordered this book from MediaMall Retail, but it never made it to my doorstep. I was very disappointed as I couldn't wait to start making my tropical and exotic sugar flowers. When the Company learned that I did not receive it, they attempted to contact me several times to clear the matter up. I was having problems receiving their notifications, but eventually got them. After contacting them, they immediately resolved and refunded my loss, and gave me a "Goodwill" refund. This Company is honorable and I hope they'll do

business with me in the future.

Great Book

By Janet Shikoluk

I purchased this book for my niece who is learning cake decorating and every year I purchase a book for her. This year I wanted her to expand her knowledge and make some wonderful tropical flowers for her friends & family and this book certainly had that to offer.

2 of 2 people found the following review helpful.

great investment

By patissier

this book is excellent. I recommend it for people who 1st off have patience & as well as for people who have prior knowledge of making/dealing with gumpaste flowers. in this book, the outcome of everything is beautiful, but like i said the knowledge of what youre doing will be very beneficial. great work!
