SINOPSE Século XIX A maioria dos casamentos, na alta sociedade, eram arranjados, com o intuito de beneficiar ambas as famílias. Não colocando em conta as vítimas dessa imposta união. Os escolhidos eram obrigados a sacrificar-se, abrindo mão de seus sonhos e suas vontades, para atender aos caprichos de sua linhagem. Não levando em consideração que o elemento principal para essa construção íntima ficaria de fora. Por não ter importância ou não ser aceita por muitos que nunca a conheceram.

I really loved to read the history and I'm still read them ...

I really loved to read the history and I'm still read them over and over because the content of it is very interesting mainly for the young people who are willing to get married in the first time. I would encourage or recommend them to read these two series I and II for portuguese speakers.

In fact I'm looking for some other similar histories so that I can purchase.
