# COMMANDANT OF AUSCHWITZ : THE AUTOBIOGRAPHY OF RUDOLF HOESS BY CONSTANTINE FITZGIBBON, RUDOLF HOESS, JOACHIM NEUGROSCHER, RUDOLPH HOESS PDF

A self-portrait, composed by one of the greatest monsters of all time: Rudolf Hoess, the Commandant at Auschwitz, and the man who knew more than almost anyone about how Nazi Germany implemented the Final Solution. Captured by the British after the war, tried, and sentenced to death, he was ordered to write his autobiography in the weeks between his trial and his execution (which fittingly took place in Auschwitz itself). Hoess apparently enjoyed the task, and the most careful checking by researchers showed he took great pains to tell the truth. The result: a vivid and unforgettable picture of the 20th century's defining and most horrific event. Royalties from this book go to the fund to help the few survivors of Auschwitz.

Not a confession

By F. M. Ryan

I visited Auschwitz on two occasions, and consider it a pilgrimage everyone should make at least once. This book helps to make sense of the lay out and the process of running the camp. The blowing up of the crematoriums at the end of the war could not hide the shame that went on. This book is a story of betrayal, and while most will focus on the extermination of the millions who perished there I would like to focus on just one key act of betrayal. Rudolf Hoess belonged to a very religious Catholic family, and he at one stage longed to be a priest. His family hoped he would give his life to God. A priest betrayed his confessional secret by revealing a sin confessed to his father. Rudolf lost confidence in the Church and in God. He gave his allegiance to Hitler instead. His body may have developed but his mind never matured. This book is

about how he drifted into positions that gave him power and acknowledgement in life, and a place of shame in history. This book is not a confession, there is no remorse there.

A Most Successful Monster

By Michael Alford

Perhaps the thing that will strike you the most as you read this is how the author doesn't consider himself a monster. Rather, he considers that he was given the logistically impossible task of killing thousands of people a day and he accomplished it. It almost comes across as he is looking for some sort of pat on the back for his ingenuity and perseverance in getting it done. It's a resounding death-blow to the Holocaust deniers.

Just Following Orders...

By Daniel J. Stark

It's 'interesting' to read his autobiography, but even the most evil things he did are glossed over -- generally by his (and others) simply following orders. Himmler, the evil genius of the Holocaust remains revered and almost deified in Hoess' mind. The extermination of the Jews -- among others -- remains a worthwhile goal. The real meat is at the end of the book where one can get an idea of the evil of the extermination camps.
