Amazing second adventure of Flynn and friends

By Jayzoo33

I was thoroughly intrigued to learn more about Flynn and the lessons he learns as he interacts with wonderful and mysterious creatures in this engaging and exciting story. Even while knowing that the book is for younger readers, I was interested in what was happening and eager to read the story. I also appreciate its simplicity, and yet there are important life lessons and wisdom to impart to the reader. Don't miss the return

of Flynn and his friends in this second adventure! And as a real bonus, there are incredible, unique graphic art designs at the end of each chapter—amazing!

Great confidence building book!

By Montana Mom

My son really enjoys this series so far, keeps him reading every day! After he finished this book he was even interested in reading other subjects because he felt more confident to read a chapter book. I think he felt comfortable with this book because he enjoys playing the game, and found some insights into the game as well as enjoyed using his imagination!

This like THE best... Book... EVER! And I LOVE how each book ends in a GIANT cliff hanger, and your left wondering what happens next. When I finished the book, the third one was still being written, and I'm looking forward to reading the next one!
