When taking a train, awaiting list, and hesitating for an individual or other, you can review this on-line book Magno Girl By Joe Canzano as a buddy again.

MAGNO GIRL BY JOE CANZANO PDF

When a Manhattan pizza maker is found dead in his own dough, Magno Girl enlists the aid of her biker ninja boyfriend to help solve the crime - and quickly discovers there's more to the pie than meets the eye, including a sinister plot that spans the globe. Magno Girl leaps into action - after all, she can fly, she can fight, and she can use her fearsome superpower, the "Gaze of the Guilt," to bring a hardened criminal to his knees - but the road ahead is hard. The city's other superheroes despise her, and the cops don't want her around, and her own mom won't stop spitting out advice about marrying a "respectable guy" and trading in her crime-fighting career for a baby carriage--but is she attracted to "respectable guys"? And is she interested in emotional commitment? And will finding real love be her biggest challenge of all? Welcome to the world of Magno Girl, a wild and absurd place filled with humor, action, and romance. NOTE: This book contains some profanity and adult situations.

Perhaps the book is best described as a prose cartoon

By Ben Walker

There are five CDs by Joe Canzano, under various stage names, available and now they have been joined by 'Magno Girl' a work of fiction. All are idiosyncratic, humorous and anti-establishment while also having what Ry Cooder calls a 'commercial thrust' which brings focus and accessibility.

Perhaps the book is best described as a prose cartoon. A sizeable cast of superheroes, super-villains and mere mortals play out their roles in carefully timed comical confrontations in front of mass crowds and an avaricious media. References to stylized versions of martial arts and witchcraft are frequent.

At a certain point, about halfway through. the story finds its focus and its central theme, a plot to drug the population with 'fooki', a herb which causes whoever eats it to crave retail goods, emerges. Another topic which often pops up is motherhood, as portrayed in the constantly guilt-mongering but ultimately loyal character of Connie, Magnolia's mum.

Joe Canzano is a didactic artist whose style is brash but skilful. It takes the reader a while to get the point of the book but the last few chapters are well-paced and consistently impressive as the spectacular visuals of the final absurd battle are effectively and entertainingly described.

The Super Girl Next Door

By David B Gittlin

This book more than lives up to its tagline: "A Wild World Of Humor, Action, And Romance." Magno Girl is a memorable heroine--the super girl next door who can fly and be remarkably down-to-earth (and extremely likable) at the same time. I hope this book becomes a series. I'd like to read another of Magno Girl's super-fun, super-imaginative adventures with her bad-boy, big-hearted ninja boyfriend, Ron.

Reviewed at The Hungry Monster Book Review

By Hungry Monster

Magnolia is a little known super hero flying above the streets of New York fighting petty crimes when she hears that someone just killed Joey the Round Man down at The People's Pizzeria. She has suspicions that this is part of a larger plot and asks her friend Ron to help out by infiltrating the home of Thaddeus Stone the founder and CEO of Americamart. Ron and Magnolia attempt to unravel a mysterious evil plot while encountering dangerous villains along the way. Magno Girl's fame increases with every bad guy she takes down and every evil plot she foils. Now she must avoid the paparazzi, endorsements, and movie deals all while dangerous super villains plot to destroy her. Will Magnolia and Ron save the day? Even when the good guys are working for the bad guys, and the bad guys control the materialistic masses.

First thing, if you're going to take this book seriously, you're not going to enjoy it. But if you're in the mood for a lighthearted and whimsical super hero story then this this will be a fun read. The writing is quick and the wit is sharp. The action scenes are cheesy, but it works because it's supposed to be cheesy. The dialogue is quirky and silly in a way that makes it endearing:

"He's been burned and covered with pizza dough. They turned him into a man-sized Stromboli!" My jaw dropped. "Those dirty bastards." Most of my family was in the pizza business, and while Joey was not a relative, I hated to see a good tomato soldier go down."

The writing was good, the jokes were decent, and the story line was entertaining, but what I really couldn't get through was the interspersed moments of bickering between Magnolia and her mother. It really dragged the story for me. It was good enough the first time to show the relationship between her and her mother, but then it's replayed over and over again through the story to the point where I literally felt Magnolia's frustration. This is really the only disappointing element of the book. The world and back story are well built. The world, or at least New York, is filled with super heroes that fight crime, sometimes alongside the police, and star in commercials and sell their merchandise. There are low level heroes and famous super heroes. Magnolia doesn't care for fame, but Ron does and they're constantly fighting the urge to make easy money and stay true to their core belief of doing good for the greater good, not to cash out like many of the archetype super heroes. The story and it's characters were absurd, but that's where this book shines. This is a genuinely fun book to read. Don't take the book seriously, go in ready to laugh and you'll have a good time. I guarantee it.
