NURTURING HEALING LOVE: A MOTHER'S JOURNEY OF HOPE AND FORGIVENESS BY SCARLETT LEWIS PDF

On December 14, 2012, Scarlett Lewis experienced something that no parent should ever have to endure: she lost her son Jesse in an act of unimaginable violence. The day started just like any other, but when a gunman opened fire at Sandy Hook Elementary School, Scarlett's life changed forever. However, this isn't a story about a massacre. It's a story about love and survival. It's about how to face the impossible, how to find courage when you think you have none, and how to choose love instead of anger, fear, or hatred. Following Jesse's death, Scarlett went on an unexpected journey, inspired by a simple three-word message he had scrawled on their kitchen chalkboard shortly before he died: Nurturing Helin Love (Nurturing Healing Love). It was as if he knew just what his family would need in order to go on after this horrible tragedy. Bolstered by his words, Scarlett took her first step toward a new life. And with each step, it became clearer how true Jesse's message was. She learned that love was indeed the essential element necessary to move forward and that taking the path of love is a choice. We can live in anger and resentment, or we can choose love and forgiveness. With her decision made, she found some peace and began to believe that choosing love was the key to creating a healthy, safe, and happy world. She began the Jesse Lewis Choose Love Foundation to develop programs to teach children about the power each of us has to change our thoughts and choose a life without fear and hate. Nurturing Healing Love is Scarlett's story of how choosing love is changing her life—and how it could change our world. A portion of the proceeds from sales of this book will be donated to the Jesse Lewis Choose Love Foundation. Tin Foil Hat Brigade of Truthers need to meet the Birthers. They will be BFFs.

By Trouble

This is an incredible story about a horrendous event that never should have happened. That this mother was able to make it past this cold dark day only to be attacked by the Tin Foil Hat Brigade is a horrible reflection of our society. Free speech and all that but to attack a mother who has lost a child?

Someone must have tipped the trailer park and let all of these barely literate out.

Truthers? All of your friends are here and they are waiting for you. Conspiracy theorists UNITE:

Ignore the negative reviews

By Sally

I am a long time prime member who has never written a review. I was so angered by the account of the Sandy Hook "Truthers" that I felt I had to do something. A few clicks to buy the book, a few more to figure out how the heck to leave a 5 star review. It is not Amazon's job to out shout these ignorant selfish attention craving idiots, it is ours. I know it isn't much, but the world is full of good people who do nothing and I am tired of being one of them. I wish you all the peace you can find, Scarlett Lewis.

I bought TWO copies because I read an article about the "truthers" who panned it.

By Lynn E Munro

First: my condolences to the author and applause for her courage.

Second: I wouldn't have even known about this book if it weren't for an article about the people who wrote and said horrible things to and about the author. Instead of saying horrible things in return about them (as tempting and somewhat justified as that would be), I am buying not just a copy for my iPad, but also a hard-cover copy. I will give the hard copy to someone who would be interested in it, but who doesn't have an electronic device.
