3 of 3 people found the following review helpful.

A Must Have Check-List For All Project Managers

By M Rodriguez

Don't be fooled by the small size of this book. Each chapter is packed full of useful information. Organized like a check-list, it reminds project managers the do's and don'ts for any project.

Once again, Rick is able to boil difficult concepts down to simple terms in this easy-to-read book. My favorite chapters are: The Pricing Game, Guess the Truth!, and Grapevine. It is so easy to not follow these basic steps when the pressure is turned up. I have highlighted many sample conversations suggested in this book to help me through tough situations in the future.

This is one of the books that will go with me on all projects.
