I'm a little disappointed in the cookbook

By td

I'm a little disappointed in the cookbook, lots of recipes just say "paleo bbq sauce, or paleo ketschup" etc I thought it would be a bit more like cooking with natural ingredients & making those products. Leaves me with the burden of finding them in my area.

May say Paleo - but excellent for all.

By Miss Jane

A great cookbook that not only offers those following a strict Paleo diet, but for anyone that wants a more nutritious meal all in one pot. A wide variety of different dishes so you never tire of such a small offering as in some cookbooks. The barbecue recipe was the best barbecue I'd tasted and all accomplished using only spices without all the sugar. I highly recommend it.

Delicious recipes in here!

By Amazon Customer

This has been a God send for me. Having been new to Paleo, only three months into it now, I was struggling to come up with meals I could prepare that didn't take forever. The slow cooker is great because I throw all of the ingredients in before I leave for work and have a delicious meal when I return. So far, the recipes have not failed me.
