Review from an experienced potter

By Natalie E. Harrop

I am thrilled with this new book I recently purchased, I have had Emmanuel Cooper's other books on glazing and recipes - and found them most informative and the glazes pretty true to explanation

I also have found that they are quite stable - we fire in the higher 1260.C upwards category and the sometimes glaze recipes unless worked out correctly can be very unstable and uninteresting.

All in all a very worthwhile book and easy to use, a definite "MUST HAVE" for your collection
