Very worth the read if you love true Alchemy

By Terry M

For the true lover of the Art of Alchemy highly recommended See what true adepts thought to be important in the 1500s. I found it truly enlightening. The translation is worth every penny thanks. Have seen other translations but this one is better fewer mistakes. Only one important thing was left out the symbols that were in the original are missing big mistake to leave them out. would have been nice to have more of the original pics
