This book is pretty bad. There are multiple errors in it

By ajr

This book is pretty bad. There are multiple errors in it, from missing chords to incorrect chord progressions. I have played music for 20+ years and this is easily the most poorly edited songbook I have bought.

A nifty little book with many older songs.

By Kindle Customer

Dear prospective buyer, please use the Look Inside feature at the song names and the sort of rotated chord notation. Some reviewers said the chords are notated incorrectly, but they are wrong. The chords are rotated 90 degrees counter-clockwise to how most people notate chords. I find it supremely easy to adjust and find the book to be a value purchase.

C is NOT C!!!!

By Christine Wilson

Great song book...only one problem...there is an error all the way through...C is NOT the first fret as noted in the book. C7 is the first fret and C is supposed to be the 3rd fret! Other than that it is a good book for beginners. Perhaps the publisher can correct it and send me a new book!! Thanks
