Ultimate Bar Book is the first and only guide to classic and new drink recipes. Loaded with essential-to-know topics such as barware, tools, and mixing tips, this book has it all. As a mistress of mixology, the author has the classics down to a Tthe Martini, the Bloody Mary, plus the many variations (the Dirty Martini, the Virgin Mary). And then there are all the creative new elixirs the author brings to the table, like the Tasmanian Twister Cocktail or the Citron Sparkler. Illustrations show precisely what type of glass should be used for each drink. With dozens of recipes for garnishes, rims, infusions, and syrups; punches, gelatin shooters, hot drinks, and non-alcoholic beverages; and let's not forget an essential selection of hangover remedies, Ultimate Bar Book is nothing short of top-shelf.

Great book

By NoSubs

This is a great book. There is a little background on the type of alcohol or sometimes the drink which I find very interesting. It also has a lot of supplemental information to start the book such as stocking your bar, types of glasses, etc.

It is important to note that the index has drinks by key ingredient (i.e. if you want to use up some vermouth you can search by "vermouth" and it will list the drinks containing it), alternatively there is also an index where you can search by cocktail name. I find myself searching by both of these indices, so it is key that they are both in there.

Sure you could Google your way to the recipes, but it's nice to flip open a recipe book like this one, flag key pages and make some notes in it. An old fashioned approach to go with your Old Fashioned!

AMAZING

By NEIL HINES

This book is AMAZING. If it is not in this book ... then you probably don't really need it. It handles the basic set up of a family bar or any small bar for that matter. It gives recipes and glassware advice and even shows pictures!

Being a recent graduate of a professional Bar Tender's Course I found it to be informative and useful for beginner to expert. I would buy again if I lost this one. I encourage anyone interested in the field of mixology to have one in their library.

They absolutely loved it. After thumbing through it myself

By Adam

I bought this as a gift for my girlfriend's parents. They absolutely loved it. After thumbing through it myself, it not only contains recipes, but explains the origins of different types of liquor (i.e. Scotch Whiskey vs. American Whiskey vs. Irish Whiskey). It's an interesting read and has some decent recipes, mostly the classics. It even has a hangover cure section (both alcoholic and non-alcoholic cures). It has a section on how to stock your own personal bar too! Great buy, necessity for someone who doesn't know how to make drinks off the top of his/her head.
