The Best Book Ever Written

By S. A. Kane

This book plainly states the path to rejuvenation of African people...return to the way, our way...meaning return to African culture which gives African people strength...the strength that allowed us to create kingdoms and full fledged civilizations, intellectual centers before Europe existed. The first page brought tears to my eyes. I read this book every day as if I was married to it. It will resurrect you with its imagery and rejuvenate your spirit...and simply reconnect you with your African self. It is poetry, it is music...it is drums beating inside your soul. Read this book, and buy it for all of your friends.

A recommended book to read

By Te

Two Thousand Seasons is a very touching book which should be used in schools here to help the children who descended from Africans of all backgrounds to learn about the way of life and culture and traditions of Africa before the influence of foreign values and colonialism. The Usurper and Other Stories, A grain of Wheat, Disciples of Fortune, No Longer at Ease, are some of the other African titles I enjoyed.

I'll never loan this one out again!

By The Jones

This is a classic and I'm sure it will be seen by future readers as an important if not essential part of the African Diaspora genre.
