A walker's guide to the southern pilgrim road to Santiago de Compostela. This Camino Mozárabe de Santiago, or V'a de la Plata as it is also known, starts in either Seville (1000km) or Granada (1175km) and leads north and northwest along paths and old tracks through Extremadura, Castille and Galicia. The route is suitable for mountain bikes. It is the only original guide to this route in English, and complements the two new Cicerone guides covering the Way of St James from Le Puy to Santiago by the same author. As well as giving directions for walking the route, with notes for cyclists, the book also provides information on places to visit along the way, the history of the pilgrimage and the availability of practical facilities such as shops, bars, restaurants and accommodation. There is a list of suggestions for further reading and a glossary of geographical and other useful terms. It also contains a series of sketch maps covering the entire route to aid the user in planning his or her journey.
