Full of Wrath

By J. Kirkpatrick

By far the best book in the series so far. It started out very slow, especially after the surprising ending in Wasserman's 3rd book in the series, *Pride*. Of course it was not slow for long with ongoing scenes building up to a very surprising ending. The book deals with more issues than the other three. I love the relationship status between everyone. Kaia and her bizzare relationships with Powell and Reed. Harper, Beth, and Adams, weird connections. And Miranda and her on-going crush on Kane. In this book Harper is very much alone after Adam and beth found out what happened. With her only friends being Kane and Kaia. Kaia deals with her relationships with Reed the scruffball and Powell the French teacher. Miranda and Beth team up for this book to get their wrath out on (mainly) Harper and the rest of the gang who screwed them over. There

is also a weird and unexpected relationship between Kane and one of the girls(Very Surprising!)! Adam is just laying around after realizing his life has amounted to nothing but being alone.

I love how Wasserman keeps the reader on the edge of their seat, turning page after page to see what will happen next. Normally it is very hard to read about seven main characters and keep everybody straight, but Wasserman does a great job (again!) with connecting everyone and keeping everyone unique!

I love this book and I encourage everyone to buy this book and the rest of the series. These are some of my favorite books!

With such a twist at the end I cannot wait for the rest of the series!

I love these books. I can't believe there aren't more reviews for them. They are definite guilty pleasures, and I wasn't expecting to like them this much. They're miles ahead of Gossip Girl or any of those types of books, in terms of writing and character development. Also, each book is as good, if not better, than the last. I'm not saying they're great lit or anything, but they are very entertaining. And I really enjoy the relationships between the characters. After the ending of Wrath (not what I was expecting at all), I'm pretty much dying for the next installment.

Great Book With A Surprising Ending

By Stephanie L. Appiah

I just finished reading the fourth book in the Seven Deadly Sins Series " Wrath" and I just loved it, it keeps you guessing and I really loved the potential of Reed/Kaia and what happens to Kaia and Mr.Powell too, the evil jerk that he is. Someone dies but we won't find out till the next book. I still can't stand Beth and Miranda the most useless characters in the series. Still love Harper and Kaia and KANE and Reed.

Great Series

Stephanie
